

Tabletop Exercise Templates

The Granite State Healthcare Coalition (GSHCC) has created an array of discussion-based exercise templates for use by Coalition members and partners. These templates may assist agencies working to meet annual exercise requirements per regulatory authorities.

Tabletop exercises are designed to be completed within a four-hour timeframe allowing for a scalable and flexible response to a myriad of hazards. Each scenario has been designed to evaluate different response capabilities that should be addressed by plans, policies, and procedures that are a part of a larger comprehensive emergency plan.

List of Tabletop Exercise Templates

- Active Threat
- Airborne HCID
- Elopement
- Network Outage
- Rain Event
- Suspicious Package
- Winter Storm
- Blank TTX Template

How do I receive the templates? Please contact GSHCC at GSHCC@healthynh.org for information.
